ABOUT FLEXFURN

NL - Never stand still. Ons motto blijft al 25 jaar overeind. Want we hebben geen zittend gat en steken onze ambitie niet onder stoelen of banken: de wereld inspireren met high-end meubilair voor elke event-, horeca- en bedrijfstoepassing. We groeiden mee met de markt: van puur praktisch materiaal naar exclusieve designmeubelen. We versmolten functioneel met funky, verenigden stapelbaar met stijlvol, gaven klapstoelen comfortabele klasse en maakten modulair modern. Vervolgens brachten we alles samen in een eigen unieke, luxueuze en duurzame productlijn. Een 100% Belgische onderneming met passie voor sales, innovatie en design. **Dat is Flexfurn!**

FR - Never stand still.

Notre devise depuis 25 ans. Parce que nous ne sommes pas du genre à rester assis sur nos lauriers et que nous ne cachons pas notre ambition: inspirer le monde avec des meubles haut de gamme pour chaque événement, le secteur de l'hôtellerie et les applications commerciales. Nous avons évolué en parallèle avec le marché : passant de matériaux purement pratiques à des meubles de design exclusifs. Nous avons fusionné la fonctionnalité avec un style audacieux, avons associé le empilable à l'élégant, avons offert aux chaises pliantes confort et classe, et avons créé une modernité modulaire. Ensuite, nous avons tout réuni dans notre propre ligne de produits unique, luxueuse et durable. Une entreprise belge à 100 % avec une passion pour les ventes, l'innovation et le design. **C'est ça, Flexfurn !**

EN - Never stand still. Our motto has stood strong for 25 years, because we live by it, and we don't hide our ambition: to inspire the world with high-end furniture for every event, hospitality, and corporate application. We've grown alongside the market: from purely practical materials to exclusive designer furniture. We merged functionality with funkiness, united space saving with style, added comfort and class to folding chairs, and created modular modernity. Then, we brought everything together in our own unique, luxurious, and sustainable product line. A 100% Belgian business with a passion for sales, innovation, and design. **That's Flexfurn!**

Wir sind mit dem Markt gewachsen: von rein praktischen Materialien zu exklusiven Designer-Möbeln. Wir haben Funktionalität mit Eleganz verschmolzen, platzsparendes Design mit Stil vereint, Komfort und Klasse zu Klappstühlen hinzugefügt und modulare Modernität geschaffen. Dann haben wir alles in unserer eigenen einzigartigen, luxuriösen und nachhaltigen Produktlinie zusammengeführt. SUSTAINABILITY AT THE CORE

Sustainability is not an afterthought—it's embedded in our DNA. From the very inception of our designs, we adopt a lifecycle perspective. Our material selection prioritizes minimal environmental impact, focusing on recyclability, durability, and ethical sourcing. Every choice we make reflects our commitment to reducing waste and conserving resources.

LOCAL MANUFACTURING: EMPOWERING COMMUNITIES AND THE PLANET

Our approach minimizes environmental impact while maintaining the high standards our customers expect.

DESIGNING FOR CIRCULARITY

We envision a circular economy where every Flexfurn product is part of a sustainable cycle. By designing furniture that is easy to disassemble and recycle, we maximize its end-of-life potential. This approach ensures that materials can be repurposed, reducing landfill waste and promoting responsible consumption.

FLEXFURN: LEADING THE CHANGE

Flexfurn is more than a furniture company—we are changemakers, setting new benchmarks for sustainable design and manufacturing. Our holistic approach integrates eco-conscious practices into every layer of our operations, reflecting our unwavering commitment to creating a better future for both our industry and the planet.

As we innovate and evolve, sustainability remains the cornerstone of our journey. We believe that the choices we make today have the power to shape tomorrow. COMFORT AND STYLE GO HAND IN HAND AT **8SPACE**

8space is a stylish event venue located in Bornem, perfect for hosting small to medium-sized events. When designing their venue, they wanted an interior that was both practical and aesthetically compelling. This led them to Flexfurn, where we helped bring their vision to life.

FROM CONCEPT TO REALIZATION

Armed with a clear plan crafted by an architect, 8space approached Flexfurn. Our team immediately understood the look and feel they wanted to achieve. Using their ideas and our product range, we developed a custom design perfectly aligned with the identity of 8space.

EVENT SPACE

For the event area, we selected the elegant Kubo collection, including the Kubo Smart cocktail tables with durable HPL Black Moon table tops. These tables are ideal for both indoor and outdoor use. To add a fresh and distinctive touch to the interior, we incorporated velvet-green Kubo Smart stools, matching 8space's logo and brand identity.

TAILORED MEETING ROOMS WITH STACKABLE CHAIRS

We transformed the three meeting rooms at 8space, giving each a unique character. Large Rooms for 14 People: Custom-made tables (210 x 110 cm) were designed with our Tribo table bases. The sleek black melamine tops paired with comfortable, stackable Kasar chairs offer a practical and stylish solution. These Kasar chairs are not only easy to stack but also feature a unique benefit: they are ergonomic 8-hour chairs designed for extended use. Small Room for 8 People: For this space, we selected the Linea XXL round table, 180 cm in diameter. Again, Kasar black chairs were chosen for their ergonomic and stackable qualities.

To maintain a uniform and harmonious aesthetic, the table surfaces in all three meeting rooms are identical. Additionally, standard seminar tables were included to provide optimal flexibility.

WHY CHOOSE FLEXFURN?

At **FLEXFURN**, we offer more than just premium furniture - we deliver tailor-made solutions that make your space shine. Whether you're furnishing an event venue, a hospitality business, or a meeting room, our team is ready to turn your vision into an inspiring reality.

OUTDOOR TERRACE SPACES

PATIO IN THE PICTURE TERRACE SPACES

A terrace space has become essential today. For restaurants, it is a valuable extension of the dining experience: a place where guests can enjoy not only delicious food but also the fresh air and a relaxed, cozy atmosphere. For businesses, a terrace space offers an inspiring environment where employees and visitors can step away from the daily routine, unwind, and recharge with fresh energy.

What both applications have in common is the importance of well-designed, comfortable furniture that completes the experience. No matter how beautiful the terrace is, without comfortable, high-quality furniture, ultimate relaxation and hospitality remain just out of reach.

TERRACE SPACES FOR THE HOSPITALITY INDUSTRY

A well-designed terrace is an extension of a restaurant's identity. It offers guests the opportunity to immerse themselves in a pleasant, inviting outdoor space where they can relax, socialize, and enjoy culinary delights. A stylish terrace makes a difference; it attracts guests and enhances an experience. Flexfurn understands how important this is and assists restaurants in choosing the right terrace furniture that combines aesthetics with comfort—a worthwhile investment that keeps guests coming back time and again.

TERRACE SPACES FOR THE WORKPLACE

In a business setting, a well-designed terrace also makes a difference. It offers employees a welcome change from their usual workspace and creates a place for informal meetings, creative brainstorming sessions, and pure relaxation. A terrace contributes to a healthy work culture and enhances employees' well-being. Flexfurn collaborates with companies to design these outdoor spaces, paying special attention to accessibility and comfort, so everyone—including those with mobility challenges—can enjoy the fresh air and sunshine.

FLEXFURN: YOUR PARTNER FOR COZY TERRACE SOLUTIONS

At Flexfurn, we guide our clients step-by-step. Our experts are ready to provide personal advice and offer 3D visualizations of the layout. Our project team handles the entire process - from design to completion - so you can focus on your work and organization while we ensure a beautiful end result. Flexfurn transforms your terrace space into a place where people love to stay, feel welcome, and are eager to return to time and again.
